On the edge of a small settlement, just a few kilometers from the city and the sea, there is this beautiful house with an area of

200 m2, which is spread over a plot of land of approx. 720 m2.

In the basement of the house there is a kitchen, a laundry room and a boiler room.

The ground floor consists of a living room with a fireplace and access to the terrace (from which there is a fantastic view of the surroundings), a kitchen with a dining area, two bedrooms, a bathroom and a guest toilet.

On the first floor there are two more bedrooms, a bathroom and a huge terrace of 67m2 with a view of the sea and the surrounding area.

The house is heated centrally, on the ground floor we have underfloor heating, on the first floor there are radiators - a heat pump (still under warranty).

The house also has a cistern for collecting rainwater 25m3, and a garage, covered parking for two vehicles of 50m2.

The yard is big enough to build a swimming pool.

The special feature of this house is that it is located at the end of the village
