Istria, Poreč - surroundings with a view of the sea

In the vicinity of the city of Poreč, in a sought-after location, there is this building plot with a permit and a project ready for construction.

The land is located next to the local road on an elevated area with a panoramic view of the sea.

All the necessary infrastructure for construction is located next to the land itself.

For serious buyers, a price correction is possible until the end of the year with a possible agreement on the execution of works for future owners.

A nice location and a great project with a ready permit are a real opportunity for people who want to build their dream property.
